Junior Membership.	\$ 80 -
RSAYS Polo Shirt (Optional)	\$ 80 -
Award Dinner tickets.	\$ 20-ea
Your Total	

Comments from last years sailing school

"Sailing is so much fun. I came to this five-day camp to learn how to sail and I was so sad to go home at the end. It's so much fun that I would rather go sailing than go to a fun park and go on rides. When you are in the boat, it rocks around and you have so much fun. They teach you everything that you need to know and they are always there making sure you are OK and that you are safe." Sophie.

"I'm Oscar and I'm now a member of the RSAYS. I can say with ease that every time I come to a lesson or on camp I learn something about sailing, knots and boats. I have made new friends and earned new badges and my leaders are wonderful." Oscar.

"The whole camp was a great learning experience. I made lots of friends. I knew no one at the start. I learnt how to rig the Pacers and the J24s. The capsized drill was great even though it was freaky and I was laughing a lot. Sleeping in the dinghy shed was fun and new. We stayed up late and played pool, tag and Cluedo." Izzy.

"It was a wild race to the finish. Both J24s were neck and neck. It was my first time racing as a skipper against an experienced sailor. The other boat suddenly tacked, crossing the finish line and leaving us in defeat. This is a true story from the sailing race that happened on sailing camp. Before the camp I had no clue how to sail, let alone skipper a boat. With the help of the amazing RSAYS Sailing School instructors I could confidently sail a boat after only five days! The School was not just an ordinary sailing school. It felt like everyone was almost family, and it was an experience that I will remember for years to come." Alex.

RSAYS Academy offers Australian Sailing Pathways from beginner to advanced.

Start Sailing 1

Your 'Discover Sailing' journey starts here as you learn the fundamental skills of sailing and are introduced to the fun of dinghy sailing in a safe and supportive environment. You will learn: Basic clothing and equipment selection, sailing terminology, boat launch and recovery, capsized recovery in shallow water.

Start Sailing 2

Your 'Discover Sailing' journey continues as you master all of the fundamental dinghy sailing skills. You are now equipped to sail your dinghy on your own voyages of discovery. You will learn: rigging of the boat, capsized recovery in deeper water, sail a triangular course, basic sailing rules and theory.

Better Sailing

'Discover Sailing' in stronger winds as you develop the skills required to get maximum speed from your dinghy. Your journey speeds up as you experience the thrill of trapezing and using a spinnaker. You will learn: towing, capsized recovery of inverted boat, use of spinnakers and trapeze, understand and identify weather and environmental conditions.

Start Racing

Your 'Discover Sailing' journey now introduces you to the fun and challenge of competition as you learn the basics of racing. You will learn: basic racing rules, perform basic racing skills, gunwale capsized recovery.

Keelboat Sailing

Keelboats allow you to learn to sail without the fear of capsizing, and usually with several other people on the boat. Learning to sail in self-righting keelboats (or trailer sailers) provides a learning platform that is stable yet responsive. As your skills progress, you will also develop an understanding of each person's role and how teamwork plays a major part of being an effective crew. You should come away with the knowledge and confidence to sail a small boat competently and for those that wish, you can progress to larger boats or participate as crew on a racing boat.

Yacht Sailing

Our last day at sailing school involves sailing on a yacht or larger vessel.

Sailing school has offered a variety of experiences over the years from racing yachts to tall ships. The choice of vessel will depend the number of students enrolled in the course.

AWARD DINNER

The Award Dinner will be an opportunity for us to celebrate our week and receive recognition for our efforts. We will be joined by members of the Tingira Association Australia, the Commodores of RSAYS and some special friends. 6 pm at RSAYS 750 Victoria Rd, Outer Harbor SA 5018
